Why You Need G.A.P.

We all are aware that prices on just about everything are inflated right now. Vehicles are not exempt from inflation. We looked up what the value of a vehicle was in 2021. We then looked up the value of the same vehicle in 2023. The results were eye opening. The value in 2021 was \$16,300 and the value in 2023 was \$18,625. Experts expect used car prices to decline by 10% in 2023. So, if you paid the higher price today and values decline even 10%, your vehicle loan will not be fully paid off by your insurance in the event your vehicle is totaled.

The solution is G.A.P. for your HCFCU auto loan. We recommend it for all auto loans that are done at 80% loan to value and up. With an uncertain market, would you now rather have the peace of mind to know that no matter what values do, your vehicle is protected. If your vehicle were totaled, G.A.P. will pay off what insurance won't, and then give you \$1,000 towards the purchase of your next auto loan that you finance with us. Give us a call today if you are interested in adding G.A.P. to your existing loan with HCFCU.

SALINE COUNTY SCHOLARSHIP PROGRAM

Hurricane Creek Federal Credit Union will award scholarships to five (5) 2023 high school seniors.

Eligibility

- Student must be a 2023 graduating high school senior at the time entry is submitted.
- Student must be a resident of Saline County.
